

Julie Anne Genter

Green Party Rongotai MP

Tēnā koe Minister Bishop and Minister Potaka,

This letter, which I deliver to you on behalf of the Newtown community, outlines the deep concern felt regarding the increase of homelessness. It also invites you to work in closer partnership with services, community housing providers, and local businesses to address these issues.

As local MP for Rongotai I have facilitated the handover of this letter to you – the relevant ministers with the authority and ability to make a difference for our community. But this letter is a grassroots community effort, that is supported by thirty-five signatories representing local businesses, community associations, churches, and elected representatives. We all deeply care for the wellbeing of our community and hope you will work with us to make a difference for our beloved suburb.

Nāku noa, nā

A handwritten signature in black ink, appearing to read 'Julie Anne Genter'.
